**Re: Application for Design Registration**

The design, as detailed in your, TSSA Service Request No: 1039258, for a Fitting is accepted for registration as follows:

**Registered To:** CLARK-RELIANCE CORP      **CRN:** 0F7953.51

**Drawing #:** Per Product Brochures

**Conditions Of Registration:**

Registration of Magnetic Level Switch series and Displacer Level Transmitter Series.

This design was registered based on a technical review performed by the province of initial registration in accordance with the Association of Chief Inspectors policy on reciprocal recognition of design review.

**Reviewer's Notes:**

As required by CSA-B51 4.2.1, this registration expires on February 26, 2023. This CRN is valid until the expiry date as long as the Manufacturer maintains a valid quality control program verified by an acceptable third-party agency until that date. Should the certification of the quality control program lapse before the expiry date, this registration shall become void.

Registration is per TSSA's product brochure scope of registration and per the Statutory Declaration.

Contact me if you have any questions. The invoice for registration will be forwarded under separate cover.
